The Massillon Independent.

ISSUED SEMI-WEEKLY. MASSILLON, OHIO, MONDAY, DECEMBER 2, 1901 XL—NO 36

CUPID'S BIG DAY.

Little God is Active in Thanksgiving Season.

THE CAMERON-KLEIN NUPTIALS.

Marriage of Miss Annetta Matthews and Edward F. Davies—Miss Kate Engelhardt and John Rohr Married—Clementz - Lampson — Barnett - Grosswiller–Other Weddings.

The wedding of Miss Maud Cameron and William D. Klein occurred at 7 o'clock Wednesday evening, the ceremony being performed by the Rev. F. H. Simpson, at the latter's residence, in Third street. The couple were attended by Miss Chloe Roup and William Cameron, a brother of the bride. Following the marriage a reception was given at the home of the bride's parents, Mr. and Mrs. John Cameron. Only the members of both families and a few intimate friends were present. For the present Mr. and Mrs. Klein will reside with Mr. Klein's parents, Mr. and Mrs. Christian Klien, at 101 Hill street. The groom is a printer, employed in The Independent job department.

MATTHEWS-DAVIES.

Mr. and Mrs. Edward F. Davies have already taken up their residence in Green street. Mrs. Davis was formerly Miss Annetta Matthews, daughter of Mr. and Mrs. Wayne Matthews, of 107 Duncan street. The marriage took place at the parsonage of the First M. E. church at 8:15 o'clock Wednesday evening, the Rev. L. H. Stewart officiating. Mr. Davies is employed by the Massillon Coal Mining Company as shipping clerk. Mrs. Davis was for several years an operator in the exchanges of local telephone companies.

ENGELHARDT-ROHR.

Miss Kate Englehardt and John Rohr were married at St. Mary's Catholic church Wednesday by the Rev. H. V. Kaempker. They were attended by Miss Theresa Kohlmaier and Edward Riese. Mr. and Mrs. Rohr will reside in Front street. Mr. Rohr is employed by the Home Oil Company.

KLEIN-WEIDNER.

The marriage of Miss Matilda Klein, of Crystal Spring, and James A. Wiedner, of Newman, took place at the St. Paul's parsonage Wednesday afternoon, at 2 o'clock. The Rev. L. H. Burry officiated. The bride was attended by Miss Margaret Clapper and the groom's best man was James Buttermore. After the ceremony the newly wedded couple was driven to the home of the bride's parents, Mr. and Mrs. Edward Klein, where they received the congratulations of their friends.

MINER-FOWLES.

Mr. and Mrs. Joseph Fowles, who were married at the St. Mary's parsonage Tuesday afternoon by the Rev. H. V. Kaempker, will reside in Crystal Spring. The bride was Miss Anna Miner. Both are well known young people of Crystal Spring

BARNETT- GROSSWILLER.

The words that united in marriage Miss Blanche Barnett and Walter F. Grosswiller were spoken by the Rev. O. P. Foust, at the parsonage of the First Reformed church, at 6:30 o'clock Thursday evening. The groom's best man was Arthur Hose, of Warwick. The bride was attended by Miss Minnie Grosswiller, a sister of the groom. Mr. and Mrs. Grosswiller have taken up their residence in the Oakland. Mr. Grosswiller is employed at Russell & Company's works.

CLEMENTZ-LAMPSON.

The Rev. J. F. Clokey, at the Presbyterian parsonage, Wednesday evening united in marriage Miss Winifred Clementz, of this city, and James Lampson, of Medina. The attendants were Miss Nellie Clementz and Howard Wetzel. The bride wore a gown of white silk and a veil and carried white carnations. The bridesmaid's gown was of white and she carried red carnations. After the ceremony a reception was given at the home of the bride's parents, Mr. and Mrs. Frank Clements, in East Tremont street. Mr. and Mrs. Lampson will remain in Massillon during the winter and in the spring will move to Tacoma, Wash.

OTHER MARRIAGES.

Other marriage licenses recently issued were the following:

William R. Lawrence, Ellen Murry, North Lawrence.

Charles Swier, Cora V. Umbenhour, Pigeon Run.

Charles Fisher, Clara Raedel, West Brookfield.

George J. Steinbach, Daisy May Baughman, Justus.

Edward Hauenstein, Catherine Martin, Richville.

A LIVE BIRD SHOOT.

Joseph Waltzer, of Fulton, Gets First Money.

A sweepstake live-bird shooting match took place at Canal Fulton Thursday. A number of Massillon marksmen participated. First money was won by Joseph Waltzer, of Canal Fulton. It amounted to about $20. The shoot was held on the range, three miles east of town.

THE SCREENS IN USE

Legg Says Some Are Not Standard Size.

LOSS RESULTS TO MINERS.

Has Brought the Matter to the Attention of the Massillon Coal Mining Company, and is Now Preparing a Report for a District Convention of Miners.

Robert Legg, of East Greenville, district president of the United Mine Workers of America, is in the city today. Mr. Legg says that in making his district investigation he has found two mines where the screen agreement is being violated He is now preparing a report, which will be laid before the district convention to be held in this city December 10.

"The screen agreed upon by the miners and operators," said Mr. Legg, "should be 12 feet long, 6 feet wide, with 38 flat bars having a surface of ⅝ of an inch, the space between the bars being 1¼ inches.

"At the Central and Oakwood mines I found screens having but 37 bars, with space between the bars of 1 7-16 inches, or 3-16 of an inch too much.

"One of these screens has been in use for three years, and the other for a much longer time. The loss to the miners through the use of these screens cannot be easily reckoned, but it amounts to a considerable sum. Both of these mines belong to the Massillon Coal Mining Company. I have called the company's attention to one of these mines, and have received assurance that the difficulty will be remedied, and that a reasonable allowance will be made the miners. Both of these screens were in use before the mines fell into the possession of the Massillon Coal Mining Company, and I believe the statement of the manager of this concern that it had always been assumed that the screens were of standard size. The screens at the Central mine, I was assured, would be changed Thursday, and while I have learned nothing from that mine today, I am satisfied that the change was made yesterday. The difficulty at the Oakwood mine I shall bring to the attention of the company later. The company has manifested a disposition to be fair with us, and I have no doubt the companies which owned the two mines before they became the property of the present company will do likewise. The Central mine was owned by the Central Coal Company, and the Ridgway Burton Company owned the Oakwood. These two companies will be asked to make good the losses which resulted to the miners through the use of those screens while they owned the mines.

"I want the miners of this district to learn a lesson from what I have stated here. It is the duty of a mine committee to look after the screens, taking measurements from time to time. If this is done, difficulties of this kind cannot arise."

CHILD ROASTED IN OVEN.

Mother Had Placed it There to Keep Warm.

Sioux City, Ia., Nov. 30.—Mrs. J Fred Myers, living near Correctionville, burned her five-months-old baby to death in the oven of a stove. She had wrapped the child in a blanket and laid it in the oven to keep warm while she went to gather fuel. When she returned the fire had blazed up and the child was dead.

BURNED TO DEATH.

Children Play with Matches, with Usual Result.

Philadelphia, Nov. 30.—Two children of Mrs. Kelly, aged five years and ten months, respectively, were burned to death by playing with matches which ignited their clothing. Mrs. Kelly was severely burned while trying to save them.

THE HUMAN SIEVE.

Seven Bullet Wounds Has W. H. Dorney.

THE POLICE INVESTIGATING.

Detective Frew Recognized Dorney as a Tramp He Arrested at Sterling Some Weeks Ago—Dorney Claims He Received His Wounds at the Hands of Unknown Men.

W. H. Dorney, who was given lodging in the city jail last night, showed the officers seven bullet wounds—five in his right leg, one on his face and the other on his hand. He did not explain how he sustained them.

W. G. Frew, special detective for the C., L. & W. Railway Company, Friday, was called to see the man, and he recognized him as a tramp that he had taken in charge three weeks ago at Sterling. Dorney had the bullet wounds then. The detective took him to Wooster, where he was given surgical attention. Dorney told Frew that he received his wounds at the hands of a gang of tramps. He said that he was walking on the railway, near Sterling, when they jumped out and began firing on him.

Frew does not believe that story. He thinks it possible, however, that the members of a gang Dorney was with got to fighting among themselves, and that then the shooting was done. He regards Dorney with suspicion, but has been unable to secure any evidence against him.

BURIED AT ZOAR.

Distinguished Men Attend Alexander Gunn's Funeral.

A special to the Pittsburg Dispatch says: Under four spreading but now leafless horse chestnut trees, on a little hill at Zoar, Alexander Gunn was buried Wednesday. His body was brought from Germany for interment by Former Secretary of the Navy W. C. Whitney, of New York, who was his intimate friend. The funeral services were held in what is known as the clubhouse at Zoar, part of the property of Alexander Gunn, which was in former years a brewery but which was converted into a social resort, where old beer kegs were artistically converted into seats. The Episcopal burial service was read and prayer was offered.

Alexander Gunn was a personage familiar to many people who visited Zoar. He had a place called the Hermitage, which was filled with art treasures. Many years ago he was a successful business man. He had a sweetheart, when a misunderstanding arose, she married another and Gunn became a recluse. She was a relative of W. C. Whitney and of the Paynes of Cleveland.

About a dozen years ago Gunn planted four horse chestnut trees on a little hillock on his Zoar property, saying they would make a good tomb for him. Under those trees his body was laid Wednesday. A special train brought the body and funeral party from New York to Cleveland. There another car was attached to a special train, Senator Hanna, Colonel Myron T. Herrick and other noted Cleveland men joining Mr. Whitney and the New York party.

COST OF THE ELECTION.

Republican Executive Committee Files its Report.

Columbus, Nov. 30.—The report of W. F Burdell, treasurer of the Republican state executive committee, was filed with the Franklin county clerk yesterday. It shows that the Republican victory of November 5 cost $59,840.44, with several bills still unpaid. The total receipts of the committee were $59,500, contributed in amounts ranging from $3.50 to $1,683, and there is a deficit of $340.44. In addition there are outstanding accounts to the amount of $2,464.10.

The sum of $11,990 was contributed through Senator Hanna, and $7,000 came through Senator Foraker C. B. Shook, clerk at the penitentiary, collected amounts aggregating $1,836 for the use of the committee. Nearly every state and federal office holder in Ohio made a contribution, and there were many from individual business men. The committee spent more than $16,000 for printing, and more than $11,000 for clerk hire. Postage alone cost $5,909, and more than $1,000 went for Nash buttons. The total amount spent for plate for publication in Republican newspapers was $6,500.

Peerless lambs wool slipper soles in all sizes. Suhr & Zepp.

HOSE BOUND OVER.

Unable to Secure Bail, He Was Sent to Jail.

Albert Hose, who was released from the workhouse at noon Wednesday, and was immediately rearrested by Constable Bamberger, charged with the burglary of Martin Bast's Meyer's lake home last August, was bound over to court by Justice Paul. In default of $500 bail he was taken to the county jail.

Edward Morgan and William Muer were arrested in East street by Policeman Budd Thursday, charged with disorderly conduct. They will have a hearing this evening.

DIED IN INFIRMARY.

Builder of a Famous House Dead.

PETER CONRAD, OF NAVARRE.

He Erected the Building in Which the Late President McKinley Tried His First Case — Deceased 73 Years Old—A Longtime Resident.

Peter Conrad, aged 73 years, who built the house in which the late President McKinley tried his first law suit, died at the county infirmary Thursday. The body was taken to Navarre, the deceased's former home, where funeral services were held Saturday afternoon, interment being made in the cemetery of St. Clement's Catholic church.

The house in which the law suit took place was a small brick building, a story and a half high, situated near the P. & L. E. tracks in Navarre. Mr. Conrad, who was a brickmaker by trade, not only did most of the construction work on the building, but made the bricks with his own hands as well.

The deceased was Navarre's oldest resident. He was born in Germany, but came to this country with his parents when a child, and located in Navarre. Three years ago, being aged and feeble and having no relatives to care for him, he went to the county infirmary.

HELD AS IN A VISE.

Coal Miner Caught Beneath Huge Rock.

LAY HELPLESS FOR AN HOUR.

Lawrence Fore Has a Terrible Experience in the Mudbrook Mine — A Miner Named Jones Injured in the Stark Mine by Being Struck by a Rock.

Lawrence Fore, while at work in the Mudbrook mine, Wednesday, was caught beneath a huge rock that fell without warning. For a full hour he lay under the rock before he was discovered by fellow workmen. He was unconscious most of the time, but even had he been conscious he could not have summoned aid, as the rock held him so tightly that he could not raise his voice above a whisper. Fore's injuries are mainly of an internal character, and there is a doubt as to his recovery. He is about 50 years old, and has a wife. His home is in Newman.

HURT AT STARK MINE.

A young man named Jones, residing at East Greenville, was hurt in the Stark Coal Company's mine, west of the city, today. A rock fell striking him on the arm and leg. No bones were broken, but his injuries are quite serious.

DOWN IN DIXIE

There is a Big Demand for Massillon Tables.

The Ohio Table Company will this month make a shipment of 125 tables to Jacksonville, Fla. The company has lately been very successful in introducing its products in the South, having filled other smaller orders for various cities in Dixie.

Geo. A Points, Upper Sandusky, O., writes: "I have been using Foley's Honey and Tar for hoarseness and find it the best remedy I ever tried. It stopped the cough immediately and relieved all soreness." Take none but Foley's. Rider & Snyder.

For elderly people Cream of Maize is a nourishing diet.

HOSPITAL NOTES.

Programme for Dedication Completed.

COTTAGES FOR 450 PATIENTS.

Superintendent Eyman Certain That the Recommendations of the State Board of Charities Will be Acted Upon—Other News of the Institution.

The programme of exercises for the dedication of McKinley Hall on the evening of December 19 is completed. The public is invited to attend the dedication, but the reception for Governor Nash at Superintendent Eyman's residence will be an invitation affair. The programme:

Overture	Hospital Orchestra
Invocation	Rev. L. H. Stewart
Address	Hon. W. G. Harding
"Nearer, My God, to Thee"	Hospital Orchestra
Address	Hon. W. S. McKinnon
Solo	Mrs. Harry L. McLain
Address	Hon. T. K. Dissete
Cornet Solo	Henry J. Eberwein
Address	Rutherford H. Platt
Solo	Jospeh P. Byers
Address	Hon. Henry W. Harter
Address	Gov. George K. Nash
Benediction	Rev. C. M. Roberts

Superintendent Eyman feels satisfied that the recommendation of the state board of charities for the erection of additional buildings at state institutions to relieve the county infirmaries of insane will be accepted. The appropriation recommended for the Massillon hospital is $157,500, which amount will be sufficient for cottages to accommodae 450 patients. Under the law, the state authorities must provide for the care of the insane in the infirmaries by July 1, 1903.

Engineer Haerlin and his workmen now have finished moving the flag walk in front of the hospital building. The walk is a gradual grade, the short steps at irregular intervals having been removed. The space between the walk and the hospital building is being terraced and leveled. When all is in order in front of the building work will be begun in the rear where there is a great deal of earth to be removed.

The annual Christmas entertainment will take place as usual. A programme is being arranged and cards are being sent to the friends of the patients asking for Christmas donations. Every one of the patients will receive something. If friends do not contribute presents the state will.

In the hospital Thanksgiving Day sermon, the Rev. C. M. Roberts paid an eloquent tribute to the memory of the late President McKinley.

Dr. Emerick went to Cleveland today where he will remain over Sunday.

WILL STAY IN CHICAGO.

No Removal of K. of P. Headquarters for a Year.

Indianapolis, Nov. 30.—There is no immediate prospects that the headquarters of the endowment rank of the Knights of Pythias will be removed from Chicago to this city. Charles F. S. Neal, of Lebanon, president of the rank, who was here today, said that at a meeting of the board of control at Chicago yesterday it was decided to be unwise to make a change at present, as the contract for the building occupied at Chicago will not expire for a year. Mr. Neal says the affairs of the endowment rank are in good shape and he thinks all the indebtedness will be removed within a few months.

GREAT FOOT BALL GAME.

West Point and Annapolis at Philadelphia Today.

Philadelphia, Nov. 30.—The grounds where the foot ball game between the cadets of West Point and Annapolis is to be played this afternoon will be overcrowded. All the seats are sold and requests for fifteen thousand tickets had to be refused. Besides the President and cabinet, General Miles, Admiral Dewey, General Brooks, Commander Wright, General Joseph Wheeler, Adjutant General Corbin and many other officers of the army and navy will be present.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cure big colds, too, down to the very verge of consumption.

NO STRIKE AT PRESENT.

The Meeting of Virginia Miners a Failure.

Indianapolis, Nov. 30.—President Mitchell and Secretary Wilson, of the United Mine Workers, returned yesterday from the convention at Huntington, W. Va., held to confer with the coal operators of Virignia and West Virginia, to establish a new wage scale. The operators refused to attend the convention. The miners extend the operators an invitation to attend the joint convention of operators and miners of the central competitive coal fields, to be held in this city January 30, to settle the wages and conditions of employment for the year beginning next April. Mr. Mitchell said there is no likelihood of a strike being declared in those states at present.

THE WAR IS ENDED.

U. S. War Ships Still at Panama and Colon.

LARGE SUMS CLAIMED BY OHIO.

Part of it Due Since the Civil War — Akron Man Lowest Bidder for Erection of Buildings for the Academy at Annapolis.

Washington, Nov. 30.—With the restoration of order and open traffic on the isthmus of Panama it is expected that the navy department will be able to withdraw some of the United States warships now on duty in that quarter, and it is probable that one ship will be withdrawn on either side of the isthmus. There will be no haste, however, as the officials feel that the surrender of the Liberals on the isthmus may not terminate the entire struggle throughout Colombia. The country is so extensive and the signs of unrest at interior points are so numerous that it is believed there may be a recurrence of trouble on the isthmus if the insurgents at other points continue to show strength. When the Iowa is withdrawn she will probably go to Talcahano to be docked. The Machias when relieved will come north and be docked.

Major W. O. Tolford, of Columbus, O., who is official claim agent at Washington, arrived here today, and will remain during the greater part of the session of congress. The major will work for the passage of a bill which should result finally in the payment to the state of about $450,000, representing the interest paid by Ohio on bonds which it issued in order to help out the federal government when the latter was in need of money with which to prosecute the civil war. In addition to this the United States is indebted to Ohio in the sum of approximately half a million dollars on account of civil war claims of other sorts.

The lowest bid for the construction of the New naval academy building at Annapolis was submitted by W. D. Thomas, of Akron, O. The cost of the work will approximate $2,500,000. The bids were opened day before yesterday but no award has yet been made by the navy department.

President Roosevelt, Mrs. Roosevelt and two children, accompanied by the White House official family, left at 10 o'clock this morning in a special car for Philadelphia. The President was as enthusiastic as any of the outgoing crowd. He said, "I am occupying a position of rigid impartiality." Admiral Dewey traveled in the private car of John R. McLean.

The Democratic members of congress in caucus nominated James D. Richardson, of Tennessee, for speaker of the house. All former Democratic nominees for other offices were renominated. Resolutions regarding Democratic policy were introduced and discussed and referred to a committee to be appointed by Chairman Hay.

FAILURE AT AKRON.

Liabilities More Than Half a Million Dollars.

Akron, Nov. 30.—A. T. Paige, ex-city commissioner, and one of Akron's most prominent citizens, filed a petition in bankruptcy with $601,268 liabilities and practically no assets. The indebtedness was incurred almost wholly while Paige was connected with Paige, Carey & Company, whose failure caused the flight of David R. Paige to South America.

Today take Foley's Honey and Tar It positively prevents pneumonia, or other serious results from colds. It may be too late tomorrow. Rider & Snyder.

UNION LABEL TYPOGRAPHICAL MASSILLON, O. No. 239

MONDAY, DECEMBER 2, 1901

The Western Reserve is still the stronghold of Ohio Republicanism. The old Garfield district, composed of Ashtabula, Trumbull, Portage, Geauga, Mahoning, Lake and Summit counties, gave Nash 17,131 plurality, or nearly one-third of his total plurality.

According to the report of the post-office department, the free delivery of rural mail is a good business investment for Uncle Sam. There is no good reason, therefore, why a liberal appropriation should not be allowed by congress for extending this work. Experience is proving that the free delivery of rural mail means an increased amount of mail handled through the country districts and the receipts of the department are correspondingly increased. This branch of the postal service is extremely popular and should be broadened as quickly as possible.

The purpose of the advocates of statehood for Oklahoma is to keep clear of association with those who are demanding a like promotion for Arizona and New Mexico, for it seems unlikely that three Southwestern territories in one group will be admitted. Oklahoma, the newest of the territories, is the most populous. In the last Congress a bill was introduced by Senator Fairbanks, of Indiana, which provided that congress, in its discretion, might attach the Indian Territory to Oklahoma for purposes of statehood, but this project has been opposed by the white residents of Indian Territory who allege that they are entitled to statehood by normal increase of population without the necessity of joining with Oklahoma.

The proposed amendment to the Georgia constitution has been overwhelmingly voted down in the Atlanta legislature. This separates Georgia as to negro disfranchisement from the position of Louisiana, Mississippi, Alabama, North and South Carolina, which have like constitutional amendments, and from that of Virigniia, which has a similar amendment under way. The white inhabitants of Georgia outnumber the colored inhabitants in the proportion of about six to five. They have dwelt harmoniously with them under conditions of mutual benefit without recourse to summary constitutional amendments designed to deprive the colored voters of their lawful rights. The suggestion that Georgia, one of the most progressive states of the South, shall follow in the course of some of its neighboring states, has evoked not merely the disapproval of the legislature, but its disapproval by a majority so large as to be highly significant.

The situation in South Africa seems to grow worse for England, instead of better. Reports of reverses at various points come with a regularity that is monotonous, and besides angering the British who clamor about the inefficiency of the officers in the field they retard enlistment. Doubtless Kitchener is the best man for his post who could be found in the British service, but this is a fact which has very little comfort for Englishmen. The war expenditure in money is at the rate of $1,000,000 a day, while the death list has reached the tens of thousands. There is no reason, of course, to suppose that England will either give up the fight or offer any other terms to the Boers than those which have been already announced. Those are the terms which the Boers are fighting against, and nobody can see the end of the fighting. The 10,000 men who are said to be in arms under the different Boer leaders can doubtless keep up the struggle for two or three years yet.

Based on the usual calculation as to the number of delegates to the coming state convention, it has been determined that there will be a decrease in both bodies next year, called to nominate a ticket headed by the secretary of state. The reduction of the vote cast on November 5 from the usual figures will account for this. There will be 415 votes less in the two conventions. In the next Republican state convention there will be 874 delegates, and in the Democratic 729. This year there were 1088 and 950, respectively. In the new apportionment the Republicans lose 212 delegates and the Democrats 211, which means a falling off of over 200,000 votes. In the two conventions, Hamilton county will have 159 delegates, Cuyahoga 125, Franklin 75, Montgomery 55, Lucas 17 and Stark 39. In Franklin county the Democrats hold their own, having 40 votes in both conventions, but the Republican strength is reduced from 44 to 39 delegates. In the Democratic stronghold in the northwest the Democrats lose 27 delegates, which means that nearly 15,000 voters failed to come out this fall, presumably largely confined to the Democratic ranks.

THE NEW CONGRESS.

The fifty-seventh congress, chosen last year on the date of the presidential election, begins the work of its first session on Monday, December 2. Like its predecessor, the fifty-sixth congress, it is strongly Republican. Both branches, indeed, of the new congress have a slightly increased Republican majority. In round figures there are about 200 Republicans and 150 Democrats in the house of representatives, the Populists and Silverites numbering only 6 or 8. In the senate there are several vacant seats, and Delaware, notably, is without representation owing to the protracted deadlock in the legislature caused by the persistence of the fight for and against Addicks. A full senate consists of 90 members, and the Republicans have a working plurality of about 20. An unusually large proportion of the members of the last house of representatives have been reelected. For example, all but one of Indiana's 13 members belonged to the last congress. There is only one new member in Iowa's delegation of 11. In Missouri's 15 seats there is not a single change. The delegations from Maine and Connecticut, from Georgia and Louisiana, from New Jersey and Minnesota, remain exactly as in the fifty-sixth congress. Eleven out of the 12 Michigan members are re-elected, and in a number of other states there are only one or two changes. Generally speaking, the very strong Republican states of the North and the solid Democratic states of the South have returned their old representatives. But changes are more numerous in the states where parties are somewhat evenly divided. Thus, New York's delegation of 34 members contains 12 men who did not sit in the last congress, and there are 9 new members from Ohio in a total delegation of 21. Illinois has 6 new members in a total of 22, and Pennsylvania 8 or 9 in a delegation of 30.—Review of Reviews.

COUNTY SEAT NEWS.

Jury Awards Lida A. Wells Verdict for $1,650.

Canton, Nov. 30.—The jury in the case of Lida A. Wells against the Cleveland Terminal & Valley Railroad Company returned a verdict at 5 o'clock Friday evening in favor of the plaintiff in the sum of $1,650. The verdict was returned after the jury had deliberated about one hour. Miss Wells sued the railroad company for $5,000 damages. She alleged that she purchased a ticket at the depot in East Akron for Old Portage and boarded the train. It did not stop at her destination but carried her to Hawkins station. The plaintiff claimed that she was without means and was obliged to walk back to Old Portage, a distance of six miles. She claimed that her health was permanently impaired in consequence.

Candidates for the office of county commissioner to succeed J. B. Summer have already commenced to announce themselves. Notwithstanding the fact that the election does not take place until next November, it is learned that M. L. Secrist and Isaac Smith, of Alliance, have already given out their intention to stand for the Republican nomination.

The Johnsen Swiss Ringers and Asceteam trio entertained 1,800 people at the Tabernacle Friday evening. The entertainment was the fourth in the People's Lecture Course series and was greatly enjoyed by the audience.

In the estate of Anna Grau, Massillon, will probated. Gotfried Danner appointed executor.

CENSUS OF A PARISH.

The Rev. Father Kuebler Making a Canvass.

The Rev. J. F. Kuebler, rector of St. Joseph's Catholic church, is taking the biennial census of his parish. His record contains the names of all communicants, and the members of the family of each. The rector states that his report will show a gain of at least fifteen families.

LOSS OF LIFE HEAVY.

Collector of Customs at Detroit Saw 110 Italians on the Train.

43 NUMBER ACCOUNTED FOR.

Bodies of Eight Other Persons Besides the Immigrants Identified, These Making Death List of 75, From These Sources.

Detroit, Nov. 30.—An interview with Thomas E. Moran, deputy customs collector at this port, practically verifies the estimate that at least 80 lives were lost in Wednesday night's collision and awful holocaust on the Wabash railroad near Seneca. The two immigrant cars in which the greatest loss of life occurred and in which so many of the wreck victims were roasted to death were part of train No. 13, which crossed Detroit river from Canada on the ferryboat Great Western Wednesday afternoon, and Deputy Moran inspected the baggage of its passengers. He said there were at the very least calculation 100 Italians in the two cars. In addition to these there were 10 more in the smoking car, which was ahead of the two immigrant cars. Official advices in the office of Superintendent Burns, of this division of the Wabash railroad, say that of the Italians in the wreck, 24 escaped unhurt and 10 were injured and taken to the company's hospital, at Peru, Ind. Subtracting these 34 from the 110 immigrants Deputy Moran says were on the train, leaves a death loss among the Italians alone of 75. These bodies were burned to ashes in the fire which followed the wreck. In addition eight other bodies were recovered and identified, which makes a total of 75 dead.

A Conductor Testified.

Adrian, Mich., Nov. 30.—At the coroner's inquest on the Wabash railroad wreck Conductor Trowl, of the ill-fated No. 13 train, testified yesterday that when he was ordered to meet No. 4 he was at Holloway, and received his order from Operator Martindale. He read the order in the presence of the operator and took three copies, giving two to the two engineers of his train and retaining one himself. The engineer of engine 151 received the order first. In each instance when the order was delivered by him the fireman was present. He understood the train was to sidetrack at Seneca for No. 4. If the train had passed Seneca he would have set the automatic brake. Had the brake been set it would have required one-eighth of a mile to stop the train. He had no warning that anything was wrong until he felt the shock. At that time he was seated in the rear coach. When he had gotten out fire had started in the head coach and others were busy getting the injured out of the wreck. He hurried down the track to Sand Creek, to get the engine of No. 3 to pull away what cars could be saved, and three sleepers were hauled away.

"Had you any record of the number of passengers you carried?" was asked.

"I had very near," was the reply.

"How many had you?"

Counted Some on the Train.

"One hundred and ninety. I don't know how many immigrants. We had 181 passengers out of Detroit. I get my figures from the conductor on the train. I made a list of as many as I could find who were saved. I got the names of 88. My collector and I were together getting the list. A number of passengers got away whose names I did not get. Aside from this record I have no means of knowing how many were killed."

"What is your judgment as to the number killed?" was asked.

"I would not say. I can't tell. I could not make any estimate."

Conductor Trowl was the last of the witnesses in the city, and at the conclusion of his testimony the inquest was adjourned until Tuesday next.

NEW BASEBALL LEAGUE.

Watkins and Strobel Among Franchise Owners.

Chicago, Nov. 30.—The American Association of Professional Baseball clubs, with Thomas J. Hickey as president, was launched. The new magnates finished their preliminary business and adjourned subject to the call of the president. Chicago will be President Hickey's headquarters as soon as he can arrange his personal matters and come to this city to stay. The circuit and owners of the franchises were announced as follows:

Indianapolis—W. H. Watkins and J. Rauschkaup.
St. Paul—George Lennon.
Columbus—T. J. Bryce.
Toledo—Charles Strobel.
Minneapolis—A. B. Beall.
Omaha—W. A. Rourke.
Kansas City—George Tebeau.

The new league announced that it would not affiliate with the National body or with any of the minor leagues. It was announced that this decision was not taken in any spirit of defiance, but because the new organization considers itself out of the class of the minor leagues, although not ranking with the National organization. Contracts will be respected, but not reservations. The new league will have no salary limit, but owners are expected to keep within the limit of their income.

Two Men Killed.

Findlay, O., Nov. 30.—A. L. Halter, an oil dresser of this city, and Earl O'Neil, of Wellsville, N. Y., were installing a new gas engine at an oil well on the Price farm, when the boiler exploded, killing both instantly. The shock of the explosion was felt in this city, a distance of five miles.

PLANTS WERE CLOSED DOWN.

About 4,800 Men Idle, Indirectly Due to Switchmen's Strike—Latter Not So Important.

Pittsburg, Nov. 30.—There was little indication yesterday that a strike of the switchmen existed. Traffic was being moved as well, if not better, than for several days previous to the time when the switchmen went out. Some of the shipments were delayed on nearly all the railroads, but the delay was not attributable to the strike so much as to the inclement weather. The passenger trains were being moved without any trouble, only on account of the snow, and most all the through trains were but a few minutes late. The Pittsburg and Western, the Allegheny Valley and the Monongahela division of the Pennsylvania were the only lines in any way affected by the strike.

The switchmen's strike was beginning to have a very serious effect on disinterested parties. Yesterday morning about 4,800 men were idle in the various mills along the Allegheny Valley railroad, from Thirteenth to Fifty-fourth streets, because the companies were unable to get a supply of coal into the works. The following mills were reported crippled on account of the railroad companies' inability to get in their supply of fuel:

Shoenberger's, at Twenty-fifth street, 1,000 men idle.

Fox Pressed Steel Car works, Fifty-second street, 600 men idle.

Marshall foundry, Twenty-eighth street, 200 men idle.

Park Steel works, Twenty-ninth street, 800 men idle.

Crescent Steel works, Fifty-ninth street, 300 men idle.

American Steel and Wire works, Twenty-sixth street, 1,000 men idle.

Zug's Sable Iron works, Thirteenth street, 600 men idle.

The Pittsburg Bridge works, at Thirty-fourth street, have 300 men idle on account of a material shortage, caused by the strike, and the Carnegie mills at Thirty-fifth street are partially closed.

COLON IS GIVEN UP.

SURRENDERED THROUGH U. S. CAPTAIN PERRY.

Liberals Turn Over City, Men and Arms to the Government Commander.

Colon, Nov. 30.—The terms of surrender agreed upon at Thursday's conference, held on board the United States gunboat Marietta, and at which the commanding officers of the Marietta, of the British cruiser Tribune, and of the French cruiser Suchet, Lieutenant Commander McCrea, of the Machias; Captain Perry, of the Iowa; Generals Alban and Jeffries, representing the government of Colombia, and Senor De La Rosa, who represented the Liberal party, were present, are briefly as follows:

Agreement at Conference.

Senor De La Rosa agreed to surrender the Liberal soldiers now at Colon, with their arms, to Captain Perry, at noon yesterday. Captain Perry, in his turn, agreed to hand over these men and their arms later in the day to General Alban, who, in his turn, guaranteed life and liberty to all men recently in arms against the Conservative government of Colombia. The surrender of arms was to be bona fide in every respect.

At half-past 11 yesterday morning a large number of marines and blue jackets from the Iowa, the Marietta and the Machias landed at Colon and proceeded to the barracks. Here the arms belonging to the Liberal soldiers were taken over by the Americans in the presence of Captain Perry, the commanders of the warships above mentioned, the American British and French consuls at Colon and a large concourse of people who sympathized with the Liberals in their surrender.

The Liberal guard patrolling Colon yesterday morning appeared sad and downcast. Their behavior, however, has all along been most praiseworthy and it is not at all an exaggeration to say that they have gained the respect of a very large portion of the community, and especially of the foreign elements, during their short administration of Colon.

Later in the day General Alban, accompanied by officials of the Conservative government of Colombia, arrived here from Panama, and Senor De La Rosa, representing General Domingo Diaz, whose secretary he is, surrendered himself and the Liberal troops to the Conservative general in the presence of Captain Perry and the naval and consular officers above mentioned.

Liberals Leaders Wouldn't Agree.

Over 200 men entered the city with General Alban. De La Rosa, on handing Alban his sword, said:

"I accept the conditions of the treaty to safeguard the lives and liberty of my soldiers in Colon. As for my brother and myself, we personally decline to accept the conditions of this treaty."

MONEY FOR IMPROVEMENTS.

Large Sums to Be Available For New B. & O. Division.

Baltimore, Nov. 30.—It was announced that under the financial plan to create a new division of the Baltimore and Ohio railroad there will be available several million dollars for improvement on the properties to be taken in. These compose the lines extending from the Great Lakes to the coal fields of Pennsylvania and West Virginia, embracing 14 distinct properties. There will be issued $20,000,000 of additional common stock and from $35,000,000 to $40,000,000 of bonds secured by a deposit of the securities to be exchanged and which are now treasury assets of the Baltimore and Ohio.

An authorized issue of $7,000,000 of bonds is contemplated, of which from $30,000,000 to $35,000,000 will be reserved to redeem, as they mature, bonds on the various properties taken in.

PUT IN NEW SCREEN.

A Change Made at the Central Mine.

A new screen of standard size is now in use at the Central mine, the change having been made at the request of Robert Legg, the miners' president, who claimed that the old screen had larger meshes and fewer bars than had been agreed upon by miners and operators. The change at the Oakwood mine, where Mr. Legg claimed he discovered a similar condition, has not yet been made. Members of the companies which originally owned these mines say they had no knowledge that the screens were not of the regulation size.

W. J. Shively, Batesville, O., speaking of Banner Salve, writes: "I used it for piles, and it has done me more good than any salve I have ever used, and I have tried a great many kinds." Rider & Snyder.

Public Sale.

The undersigned will offer at public sale at their farm residence in Lawrence township, Stark county, situated one-half mile northeast of Lawrence and three miles southwest of Canal Fulton. Thursday, December 12, 1901, the following articles: 5 head of horses, all good work horses; 29 head of Holstein cattle, among which are 17 milch cows, a number of which are registered, all coming fresh in the spring; 11 spring calves; one thoroughbred Holstein bull; 8 head of hogs, all July pigs; lot of chickens. Full line of farming implements including fertilizer grain drill, nearly new, wagons, plows, harrows, cultivators, shovel plows, feed grinder, etc. Spring wagon, double and single harness, hay by the ton, corn and oats by the bushel, corn fodder by the bundle; also a lot of 5 and 10 gallon milk cans. Sale to commence at 12 o'clock. Terms made known on day of sale.

HURFORD BROS.

Jonas E. Eschliman, clerk; Brenner & Son, auctioneers.

Women's good quality rubbers, 25c Suhr & Zepp.

Advertised Letters.

List of letters remaining unclaimed in the postoffice at Massillon, Nov. 27, 1901:

LADIES.

Bevington, Miss M — Miller, Miss Helen
Emerson, Mrs. MeM. — Myers, Mrs
Gilliland, Mrs. T. T. — Ryder, Mrs Josephine
McFadden, Miss Ada — Smith, Mrs. Minnie
Walters, Mrs. W J.

MEN.

Ananta, Raphael — Raush, James A.
Ball, E. T. — Robertson, C. C.
Canda Steve — Schimmell, Fred
Hattery, Charley — Shipbaugh, Fred
Hay, Harry — Smith, D. J. B.
Smith, I. N.

Persons calling for the above named letters will please say advertised.

LOUIS A. KOONS, P. M.

A WAY THEY HAVE

What This Massillon Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of Massillon, are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefit received from the use of Doan's Kidney Pills, the greatest skeptic in Massillon must be convinced. Read this:

Mr. T. B. Arnold, Massillon agent for Jung Brewing Co., says:

"In the summer of 1896 I got Doan's Kidney Pills at Baltzly's drug store and used them for a miserable backache which caught me across the loins every time I stooped or brought any strain on the muscles of the back. The treatment cured me, and I made public through our newspapers my experience with, and opinion of Doan's Kidney Pills four years afterwards. I don't think I can do a greater kindness to the ordinary traveling man or any of my fellow citizens in Massillon than to tell them that cure has been permanent and that if they suffer at all from backache or any of the consequents of kidney trouble, try Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

To Cure a Cough

Stop coughing, as it irritates the lungs and gives them no chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants. Rider & Snyder.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

Adolph Bluner, Grand Mound, Ia., writes: "I have used Foley's Honey and Tar in my family and think it is the best cough cure on the market. I would not be without it in my home, as there is nothing so good for coughs and colds." Rider & Snyder.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

Recommends It to Trainmen.

G. H. Hausan, Lima, O., Engineer L. E. & W. R. R., writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure and one bottle entirely cured me. I gladly recommend it to anyone, especially my friends among the trainmen, who are usually similarly afflicted." Rider & Snyder.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr Thomas' Eclectric Oil. At any drug store.

PILLSBURY IS KING

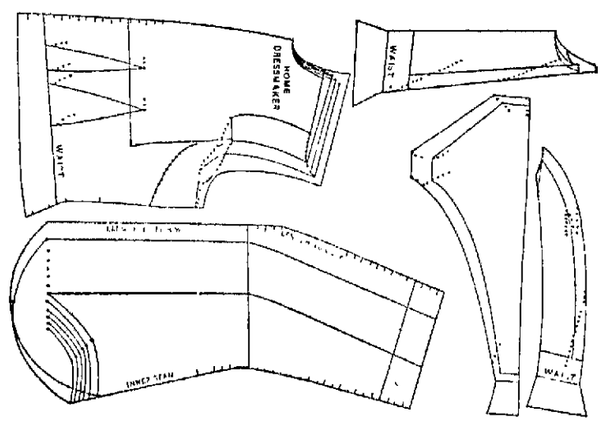
In the commercial world no grade of Flour ranks as high as the Pillsbury, of Minneapolis. The name "Pillsbury" on the sack is a guarantee that the contents is unexcelled. I have just received a carload of this celebrated flour which will be placed on sale at same prices as quoted on Flour of home manufacture. Try a sack, and you will always want Pillsbury.

S. F. WEFLER

COUCHS. Do not neglect a Cough or Cold, as delays are often dangerous. **Foley's Honey and Tar** is a pleasant, safe and sure cure. Contains no opiates and is guaranteed.		**ASTHMA.** Foley's Honey and Tar is guaranteed to give prompt relief in all cases of Asthma. Do not class this or other medicine that has failed to give you relief	
	CONSUMPTION. Foley's Honey and Tar does not hold out false hopes in advanced stages, but claims to give relief in the very worst cases, and in early stages to effect a cure.		**LA GRIPPE.** If you have had the Grip you probably need a reliable medicine like **Foley's Honey and Tar** to heal your lungs and stop the racking cough incidental to this disease
CROUP. Thousands of infants and children die yearly of Croup, every one of these innocents could have been saved had Foley's Honey and Tar been given them in time.		**PNEUMONIA.** Dr. J. C. Bishop, of Agnew, Mich., says: "I have used Foley's Honey and Tar in three very severe cases of Pneumonia the past month, with good results."	

FOLEY'S BANNER SALVE is a Healing Wonder.
Rider & Snyder, Druggists.

Free to Subscribers.



THE INDEPENDENT COMPANY has secured a limite number of the famous "Home Dressmakers' Chart" which will be given Free to every subscriber to the Evening Independent who pays three months in advance, and to every subscriber to the Semi-weekly paid up for one year. The Chart is of inestimable value to all women who do their own dressmaking.

CUBA TO HER PEOPLE.

Gen. Wood Returns to Complete Arrangements to Turn over the Island.

WANT SOME TAXES REDUCED.

Will Reiterate Recommendations as to Tobacco and Sugar—Interviewed in New York and Washington—Social Call at White House.

Washington, Nov. 30.—General Leonard Wood, military governor of Cuba, arrived here last night. Accompanying him were Mrs. Wood and Lieutenant McCoy. The general will spend some days in Washington in conference with the president and secretary of war regarding affairs in Cuba. Last night he and Mrs. Wood paid a social visit to the White House. Since his last trip to Washington, about two months ago, General Wood has traveled over practically the whole island of Cuba, familiarizing himself with conditions, and he is able to give the officials here a complete and intelligent account of affairs and the people's needs. He will reiterate his previous recommendations for the reduction in the duties on sugar and tobacco imposed by the United States government. General Wood believes this absolutely necessary for the financial rehabilitation of the island and to prevent the recurrence of conditions which existed under Spanish rule. He will urge earnestly upon the president and the secretary of war that it is the duty of this government, now that it has taken the Cubans under its protection, to encourage them to become self-supporting and enable them to continue the good work of maintaining the excellent conditions which have resulted.

New York, Nov. 30.—Among the passengers who arrived from Havana were General Leonard Wood, governor of Cuba, and Mrs. Wood.

He said in part:

"I came here this time to perfect arrangements by which Cuba may be turned over to the Cubans and to talk over with the president and Secretary Root the economic situation of the island. We do not expect any troubles at the forthcoming elections."

MRS. BONINE'S CONFESSIONS.

One of Them Read—Testimony Regarding One of Them.

Washington, Nov. 30.—Upon the eve of the adjournment yesterday of the criminal court before which Mrs. Lola Ida Bonine is being tried for the killing of James S. Ayres, Jr., District Attorney Gould announced that the government would rest its case after the introduction of one or two more witnesses and that he expected to conclude at the morning session of the court today. Mr. T. W. Keane will then make a preliminary statement in Mrs. Bonine's behalf and witnesses for the defense will be introduced. It is expected that about 25 of these will be heard. Mrs. Bonine's counsel say that they have not yet decided whether she sall be put upon the stand.

Deputy Coroner Glazebrook concluded his testimony and Detective Horne told of the confession which Mrs. Bonine first made to him of her part in the tragedy. Her confession to the chief of police also was read. Dr. Glazebrook gave it as his opinion that the abrasions on Ayres' legs might have been caused by a woman kicking him with sharp-heeled slippers, and said that the bruises on Mrs. Bonine's arms looked as if they might have been made by a man's thumb when he was griping the arms.

SCORED THE MORMONS.

Did Mrs. Peacock, In Report to Pennsylvania W. C. T. U.

Philadelphia, Nov. 30.—The twenty-seventh annual meeting of the Woman's Christian Temperance Union of Pennsylvania was held here. Mrs. Annie Craig Peacock, the president, in her report roundly scored the Latter Day Saints. Mrs. Mary Clarke De Vore, a returned missionary from Utah, spoke of her experiences among the Mormons, and various committee reports were read.

Mrs. Lizzie Decker, treasurer, reported the total receipts for the year to be $1,581, with disbursements of $1,440. The report of Mary H. Jones treasurer of the building fund, showed a balance in the treasury of $2,556 Receipts for the year, $3,948; expenses, $3,151.

Mrs. Peacock, in her address, deplored the movement in New York city to legalize the sale of intoxicants on Sunday.

WERE STILL ALIVE NOV. 28.

Letter Contained Information Regarding Miss Stone and Mrs. Tsilka.

Sofia, Nov. 30.—According to a letter dated Dubnitza, Nov. 28, Miss Stone and Mme. Tsilka are still alive. The letter in question further says that at a recent meeting of the committee held in Dubnitza it was definitely decided not to kill the prisoners upon any pretext whatever. Nevertheless the committee insisted upon the payment of the full amount of the ransom.

A native suggestion is current in political circles here to the effect that the United States should force Turkey to pay the balance of the ransom and as soon as the prisoners are in safety force Bulgaria to punish those persons guilty of their abduction.

Low Appoints Partridge.

New York, Nov. 30.—Mayor-elect Seth Low announced the appointment of Colonel John N. Partridge as police commissioner of the Greater New York. Colonel Partridge is now state superintendent of public works.

QUEEN MAY SEEK DIVORCE.

Rumored She Will Not Put Up With Prince Consort's Cruelty.

Amsterdam, Nov. 30.—It is rumored here that it is not improbable that Queen Wilhelmina will apply for a divorce on grounds of cruelty and improper conduct on the part of the prince consort, Duke Henry of Mecklenberg-Schwerin. Public sentiment is with the queen. Thursday night a biograph picture of Wilhelmina was displayed at the Carre theater, and was cheered, while one of the prince consort was hissed.

A letter received here from a well-informed correspondent states: "There is no longer any doubt that the queen's illness is due to her consort's ill treatment. A personal friend of Major Vantets, adjutant of the royal household, tells me that Vantets had the courage to interfere once when the consort had actually struck the queen. This led to a duel, in which Vantets was dangerously wounded in the stomach and now lies at death's door. Prince Henry has been absent from Loo palace, where the queen is, since the duel occurred. He is officially described as hunting in Germany, but it is believed he has been summoned by the kaiser to explain his behavior."

Dowager Queen Emma is heartbroken over the outcome of the marriage, and is endeavoring to effect a reconciliation.

The original cause of the royal estrangement was the prince's debts, which the queen refused to pay, when she found they had been contracted in an "improper manner."

AFTER ANOTHER MATCH.

McGovern's Manager Posted Money. Challenge For Sullivan.

New York, Nov. 30.—In sporting circles here nothing was talked of yesterday more than the defeat of Terry McGovern by Young Corbett in Hartford Thursday afternoon. That McGovern was beaten by a two-handed rushing fighter like himself was conceded by everybody, but McGovern's friends are evidently of the opinion that should the boys meet again McGovern will retrieve his lost laurels.

Yesterday afternoon Sam Harris, McGovern's manager, posted $2,500 to bind another match, the time and place to be at the will of Young Corbett.

Tom Sharkey has taken charge of Dave Sullivan, the featherweight pugilist, and yesterday issued a challenge to Young Corbett. He says that Sullivan is anxious to tackle Young Corbett under the same conditions that he met McGovern. He is ready at any moment to make a match at 126 pounds, the duration of the battle being limited to 20 or 25 rounds, and Sharkey is willing to bet $2,500 or $5,000 on the side. Sharkey said he thought McGovern was the better man of the two, but Sullivan could beat either.

MONEY SPENT IN CAMPAIGN.

Ohio Republican Treasurer Burdell Filed Figures.

Columbus, O., Nov. 30.—The statement filed by Treasurer Burdell, of the Republican state campaign committee, in compliance with the Garfield law, shows the cost of the late campaign to have been $62,304. The receipts of the committee were $59,500, of which amount $11,900 was contributed through Senator Hanna and $7,000 through Senator Foraker.

The chief items of expense were $16,092 for printing, $11,258 for clerk hire, $6,500 for plate matter and $5,909 for postage. The report of the treasurer of the Democratic state committee shows expenditures amounting to $12,000.

TRIBUTE FOR CARR'S GRAVE.

Roosevelt Honors the Memory of a Rough Rider.

Washington, Nov. 30.—President Roosevelt sent a large floral tribute to be laid on the grave of Joseph Armistead Carr, late lieutenant of Troop D, of the Rough Riders, whose remains were interred at Arlington yesterday afternoon.

Lieutenant Carr was a great-grandson of General Walter Keith Armistead, of the first class graduated from West Point, and was a nephew of General Lewis Armistead, of the Confederate army.

Hoffman Released on Bail.

Washington, Nov. 30.—Carl H. Hoffman, the former stenographer to the isthmian canal commission, who was arrested in New York Tuesday night, arrived here and was given over to the custody of the United States marshal. The affidavit in the case filed in the police court alleges that Hoffman carried away from a public office, with intent to steal, the final report of the isthmian canal commission to the president. He was later released on bail.

Two Women Found Dead.

Harrisburg, Nov. 30.—Mrs. Annie Baer, aged 52 years, and Mrs. Kate Solfelt, aged 59 years, were found dead at their home in this city. The women lived together and physicians say they were dead 48 hours when found. Mrs. Solfelt died of an overdose of morphine and her companion from heart disease.

Arguments In Heistand Case.

Washington, Nov. 30.—The arguments in the Heistand hemp inquiry were begun yesterday before the special investigating committee of the senate. Judge Mackey argued for Major Hawkes and Attorney Needham for Colonel Heistand. Each side was limited to an hour and a half.

Son Killed Father Accidentally.

West Chester, Pa., Nov. 30.—George Ryfedd Foulke, a prominent farmer of East Bradford, conspicuous in the order of Patrons of Husbandry and lately a candidate of the Union party for the legislature, was shot and killed accidentally by his son, George R. Foulke, Jr., aged 12 years.

BUSINESS FEATURES BRIGHT.

Halting In Some Industries—Lack of Cars and Strikes Hurt Trade Some.

New York, Nov. 30.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

When consumptive demand equals or exceeds supply and prices are firmly held at an exceptionally high level, it is generally considered that there is little to be desired in the business situation. These factors are now in evidence to an unusual extent, yet many industries are halting. The principal disturbing element is the lack of cars to handle the phenomenal shipments that are urgently needed. In the same connection there have appeared numerous labor controversies among switchmen, freight handlers, river pilots, miners and other allied workmen, which combine to make the problem of transportation most intricate. Although the movement of grain to interior cities is at the rate of nearly 3,000,000 bushels daily, the westward traffic of merchandise is so unprecedented as to necessitate the return of empty cars. Any loss of general trade due to the holiday was more than made up by the phenomenal preparations of the preceding days and the dealings in special lines.

A general advance in the price of pig iron indicates that record breaking activity at furnaces fails to produce accumulation of supplies. Steel mills are seeking material urgently, and Bessemer pig for prompt delivery at Pittsburg is not available below $16.50. Large sales of forge and foundry iron are reported at further advances, and southern iron in the Chicago market is also higher. Buying of railway supplies is the most urgent feature, rails, cars, engines, structural material for bridges and shop equipments all being wanted much earlier than they can be delivered. In general lines the movement is scarcely less active, and at present the business in 1902 appears limited by facilities, but it is probable that producing capacity will be greatly enlarged.

Another high record for the season was established by corn, not alone because of speculative operations, although these were most aggressive at the west. Even at the recent level of prices, which surpassed all high points in about 10 years it has proved futile to undertake commitments on the short side of the market. Domestic requirements alone provide the element of strength, for outside buying is only about 15 per cent of the business in previous years. Atlantic exports for the week were 525,172 bushels, against 3,570,696 last year.

Wheat also held firmly, closing the week more than 4 cents above the price a year ago, which is most satisfactory in view of the vast increase in yield. Receipts at the interior were large, those for the week being 25 per cent heavier than the corresponding week last year.

Business failures in the United States for the week numbered 189, as against 223 last week; 184 in the same week last year; 177 in 1899; 212 in 1898, and 250 in 1897. Failures in Canada for the week numbered 26, as against 22 last week; 28 in the same week a year ago, and 25 in 1899 and 1898.

CASE OF CAPTAIN READ.

Decision In Another Case May Decide Matter.

Washington, Nov. 30.—Secretary Root and Judge Advocate General Davis had a conference over the case of Captain James C. Reed, convicted in Manila of irregularities while he was a commissary officer. His attorneys have raised several points against the legality of the court martial, but the only one of importance, as viewed by the secretary of war and Judge Advocate General Davis, is whether regular army officers can sit on court martial of volunteer officers. Read was a volunteer officer and was tried by regular army officers.

The same question was raised in the case of a volunteer named Deming, and is now pending in the United States circuit court in Missouri. Until an opinion in this case is rendered it is probable that no decision will be made by the secretary of war in the case of Captain Read.

ANARCHIST IN CHICAGO.

Accomplice of Bresci Was Being Shadowed, It Was Asserted.

Rome, Nov. 29.—The newspaper Fanfulla credited Signor Giolitti, minister of the interior, with the statement that Louis Granotti is now in Chicago, where he is being shadowed by the police.

According to a dispatch to the Associated Press from Milan, Nov. 25, Louis Granotti, an accomplice of Bresci, the assassin of King Humbert, was that day sentenced to life imprisonment. The dispatch also said that Granotti had not yet been captured.

Intended For Late Colombian Rebels.

Antwerp, Nov. 30.—The British steamer Ban Righ, which was detained at the Victoria docks, London, by customs officials under suspicion that she had on board arms and ammunition intended for the Boers, has arrived here. She carries a large cargo of munitions of war, intended for the Colombian Liberals, including 4,000 cases of cartridges and 1,000 cases of rifles, machine guns and chemicals.

SOME NEWS IN BRIEF.

George Reuss was killed in a runaway accident at Hanover, Pa.

W. F. Weiblen, a railroad foreman, was killed by a train near Ashtabula, O.

Citizens of Findlay, O., will present a petition to the board of education, asking that all school children be required to wear uniform. The movement was brought about by the ridiculing of a poorly dressed child in one of the public schools.

While driving to a G. A. R. reunion, Chester White, of Beaumont, near Wilkesbarre, Pa., was thrown from his buggy and killed. His wife and daughter were badly hurt.

Take a good mouser with you when you go to the fields to haul in the shocked corn.

A man in the state of Missouri is the owner of a span of giant mules, their weight being 1,820 pounds each. He has refused $650 for the team.

So far as a man's popularity and usefulness is concerned there are but small odds between his being rated as mean and stingy or as dishonest.

When a young man has earned and saved up $100, it is lots easier for him to say "No" when tempted to spend his money foolishly. Try it, young man, and see.

Education of the higher sort will be worth much more to the American people when it is regarded as a help to success in any business in life rather than as a stepping stone to one of the few professions.

We cannot interpret Scripture to mean that we are to forgive our neighbor seven or more times when it is a case of his chickens scratching up our garden. The rule may possibly apply to other things, but not to the chicken deal.

America furnished England meats, oats, hay, mules, horses, flour and many other things for the conduct of the Boer war. We are inclined to believe that if we had also furnished the men the war would long ago have been ended.

Florida comes to the front with a fine crop of her delicious oranges this year, the trees having mostly recovered from the baneful and destructive effects of the great freeze of a few years ago. The Florida orange is one of the very best of its tribe.

The inexhaustible forests of Alaska prove to be a good deal of a myth, the timber supply all along the Yukon river having already been so depleted in supplying fuel for the steamers that unless supplies of coal can be secured the navigation of that river will soon have to cease.

The experiment stations seem to agree that, weight for weight, the cobs when ground up fine are worth as much to feed as the corn. It is hard for the average stockman to believe this statement and harder for the cow to whom he feeds it.

The bur oak tree, in keeping with its native ruggedness, rarely ever shows any coloration of its foliage in the autumn, the leaves passing from normal green to a rusty brown. The jack oak, on the contrary, affords some of the most beautiful color schemes to be seen anywhere in the fall of the year.

Now comes a friend of the English sparrow and claims that these birds will eat the box elder bugs. We seriously doubt the truth of this statement. We have watched both the birds and the bugs closely and have never yet had the pleasure of seeing the sparrows making a meal off the bugs.

The adulteration of food products seems to find its largest development in France of any country. Of 652 samples of native wines recently tested only 114 were found pure, and of 376 samples of milk only 90 were not adulterated. It is no wonder there are more deaths than births in that country.

A late writer calls attention to the marked advance in live stock by citing the fact that in the year 1300 in Great Britain a calf sold for as small a sum as 24 cents. This is not good evidence, for in the year 1895 it was a common practice for the dairymen in the central west to feed their calves to their hogs.

The little island of Porto Rico is showing this winter what she can do in the way of furnishing Uncle Sam with nice oranges to eat. While the shipments this year will not be large, the fruit comes along the first of any in the orange season and will be a factor in this business of considerable importance later on.

The government of this country is more than likely to spend near $200,000,000 in the near future to get water into a canal across the isthmus of Panama, while the Dutch government is going to spend nearly half as much to bale out a corner of the North sea so as to reclaim land enough to make about 3,000 farms.

Where the writer lives the straw left by the thrashing machines was for twenty or more years burned up in the field, later it was stacked and the stock allowed to run to it, still later it came to have a value of from $5 to $10 a stack to stockmen who would haul it away, and this year it is a much wanted commodity and sells readily at from $4 to $5 per load.

Over 100 different attempts were made at great expense to find a water supply upon what, with water, would have made a very desirable ranch in Texas. Failing to get water, the section was abandoned to the prairie dogs and wolves.

As soon as the ground is frozen the strawberry bed may be covered for the winter. For this purpose nothing is better than marsh hay. The next best material is cornstalks, then clean straw of any sort. The sole object of covering the bed is to prevent the thawing of the ground and not the freezing.

A northern lake which has for many years been known as a great resort for canvasback and redhead ducks, which fed on the wild celery which grew abundantly in the lake, is now entirely avoided by these valued game birds because the carp placed in the waters have eaten all the celery.

A young lady friend of ours is working as a hired girl for $3.50 per week for the sole purpose of getting the means wherewith to pay her way through a course at some college. That's the sort of a girl we like. Her enterprise ought to secure her not only an education, but one of the best men for a husband.

Try the experiment anyhow and send the boy this winter to some good agricultural school or college for a three months' term. It will not cost very much—less than $100 for clothes, books and board—and see if it is not money well invested. The farmer under coming agricultural conditions must know more than his father who wrestled with pioneer discouragements and cheap land.

We came across two men recently, each over sixty, who had not made the discovery during all their lives that the fly which bites the horses is not the same sort of fly which tickled their bald heads and got into the sugar bowl. While these two varieties of flies look almost exactly alike, they are built very differently, the house fly feeding by surface suction, while the horse fly bores for blood like a mosquito.

It has never been entirely clear to us why the pests of agriculture—grasshoppers, chinch bugs, potato bugs, borers, hessian fly, aphides, purslane pigweed, foxtail, ragweed and the like—should have been endowed with such marvelous powers of reproduction. They are all propagated on a ratio not of twenty, sixty or one hundred fold, but a million fold, and need but just a foothold to claim all the earth. The good things of life lack this power of fecundity.

When a man plants out a honey locust tree, he starts quite a little trouble for himself as a general thing. No tree of which we know will so persistently extend itself by suckers, and the more these suckers are cut off the more they will spread, almost exactly following the habit of the Canada thistle in this particular. We know of one case where a single locust planted thirty years ago has covered over several acres of land with these sucker trees.

The government has interesting reports from its expert sent to examine the agricultural capabilities of the Yukon valley in Alaska. He reports that nearly all the common vegetables—potatoes, turnips, cabbage, onions, lettuce, radish—and in cereals barley can be raised there without difficulty, the almost perpetual sunshine of the summer largely compensating for the shortness of the growing season. The native grasses are reported as very luxuriant.

In the abstract an ear of corn, a stalk of clover and a milk cow are the commonest of things, but just the same they have offered problems which tax the best knowledge and wisdom of the most wise and learned of men, and they have not yet found out all there is to know about this remarkable trinity of good things. The cow and her milk, corn and its utilities and clover as a soil redeemer will still furnish texts for valuable agricultural sermons many years hence.

We were in one of the largest poultry establishments of the west not long ago when large consignments of all sorts of dressed poultry were being received. Talking with the proprietor, he said that there was a loss of from 25 to 50 per cent to the average shipper or producer solely on account of careless dressing of the birds. He showed us turkeys which he was selling at 15 cents a pound, these well dressed, and others equally fat which he could not get rid of at 8 cents owing to their bad appearance.

There is all the difference in the world between driving your work and being driven by it. In this strenuous age it is almost impossible for any man doing any sort of business to take things easy and do them deliberately. A slackening of the pace set by modern business methods means being run over, crowded back and seeing your place usurped by some other man with more push. There is much to regret in this state of things, for this high pressure method robs man of very much of the pleasure of living.

An artist of the modern school undertook to reproduce the ideal of Longfellow's "Village Blacksmith." He produced a young and vigorous man, when it will be recalled that he went to church—

> and sits among his boys.
> He hears the parson pray and preach;
> He hears his daughter's voice singing in the village choir.

Then he had the blacksmith with his hair parted in the middle, something rare indeed to find among the country blacksmiths. Ideals and realities are sometimes far apart.

FARM INSTITUTES.

The season for holding the farm institutes is near at hand, and these meetings will to a greater degree than ever before become centers of interest to all farmers who wish to be up to date in their calling. There is no better textbook on agriculture than the individual and practical experiences of the farmers themselves. The colleges and experiment stations furnish many theories and useful facts; still, this work must of necessity be largely suggestive, something which each man must work out in his own way with good or bad results as the case may be. The testimony of a farmer at an institute giving details of his success in any particular line is worth more to the average man than the scientific bulletins. For instance, one man in a community always makes a success of clover—gets a good stand, cures his clover hay nicely and always has clover seed to sell to his neighbors. Such a man should be given a whole half day at any institute where he can be found, for he knows what every man to whom he talks ought to know and that which is worth a lot of money to any man who will listen to him. Another man always has a clean cornfield and a big crop. He should be put on the witness stand. Here is a woman who makes $250 a year out of poultry on her husband's farm. She should be catechized and all the facts pertaining to her success brought out. Here is another good woman who has raised up a nice family of boys and girls, and much of the very greatest importance may be learned from her.

THE FARM IN A NEW COUNTRY.

We have often wished that with the experience accumulated since we could try the experiment once more of opening up a new farm on the frontier. We did it once years ago and can now realize just what a lot of blunders and mistakes were made; for instance, it was fifty miles to a railroad and a grain market, and just because everybody else did so we broke up acres and acres of land and raised wheat to haul fifty miles to sell, when if we had had any sense at all nothing but live stock would have been produced on the farm, buyers for which would come to the farm. The mania to raise grain, wheat particularly, seems to be inseparable from the first settlement of any new country, when if a man would simply raise what he needed for his own use and turn his attention wholly to cattle he could make a living ten times as easy and at a much smaller expense. The fact should be remembered by any man locating on a new farm far removed from railway facilities. We found it out when it was too late to do us any good.

TWO CROPS IN ONE SEASON.

We raised two crops on quite a good deal of the garden ground this year. The strawberry bed, having fruited two years, was plowed up and the ground planted to string beans the last of July, giving a fine crop. Then the early potato and sweet corn patches were cleared off and sown to flat turnips along about the first week in August, which did equally well. The twenty square rods of ground thus produced crops as follows: Seventy-five quarts of strawberries, worth $7.50; three bushels of string beans, worth $3; corn to the value of $4 and potatoes worth $20. The turnips sold for $10, making a total income of $44 from the one-eighth of an acre, or at the rate of $356 per acre, and still some men think they must have a half section of land in order to make a living.

THE LAW OF FORCE.

We try to recognize and apply the law of kindness in dealing with all kinds of domestic animals, but there are many cases where it will not work and where nothing short of the enforcement of control by fear will hold some animals in check. This applies with much force to bulls, which never under any circumstances can be trusted, to some horses which we work and drive or ride, to many dogs and other animals and occasionally to some boys. While the rule of force should never be put into operation where it can be avoided, it is still all folderol to claim that there is never any need of it and that the law of kindness and moral suasion is all man needs to maintain his authority over the lower orders of creation.

BETTER THAN A DAILY PAPER.

The agent of a cheap daily paper seeking patrons among the farmers along a newly established rural mail route who was making a point that his paper gave late market reports was nonplused when the farmer told him that he had a better thing in the telephone in his house, which gave him direct connection with five different market towns and thus enabled him to know the exact condition of the markets on the morning of the day upon which he wished to sell his produce, while the paper was always twenty-four hours behind, do the best it could.

KILL THEM HUMANELY.

A friend asked us lately what he ought to do with three old horses which he had owned for fifteen years and which had outlived their usefulness. He said that he could get about $10 a head for them by trading them off, but hesitated to do that, as they had been good and faithful servants to him. We advised him to kill them in a humane manner as the best and most Christian thing to do. Any man who will trade off a faithful old horse to a horse jockey to save a few dollars ought to end his own days in a county poorhouse.

NEWSPAPERARCHIVE®
NEWSPAPERARCHIVE®

LOCAL HAPPENINGS.

Discovered this Week by Independent Investigators.

A pension of six dollars a month has been granted Charles E. Jarvis, of this city.

Harry L. Shupe, of Cleveland, is a guest at the residence of Dr. and Mrs. L. H. Menuez.

Mr. and Mrs. John Hall, of Sebring are guests of the Rev. and Mrs. G. W. Lose, in Grant street.

William Sorg, local yardmaster in the Pennsylvania yards, will resume his duties Sunday after a two months' lay off on account of illness.

The literary society recently organized at Newman will meet in the school house Tuesday evening of each week, at 7:15. By order of president.

A petition in bankruptcy for the late firm of Stroh & McIntosh has been filed in the district court at Cleveland. The case will be heard December 9.

The leaders of the Epworth League of the First M. E. church for December will be Lot Cushing, Miss Mary Bowman, William Johns, Miss Arletta Hall and S. B. Hankins.

Miss Clara Howenstine and Robert Douglas were married by the Rev. H. R. Warner Thursday evening at the Reformed parsonage at Dalton. They will reside south of Dalton.

Mrs. A. B. Smith and Miss Anna Lichtenwalter, of Aultman, and Miss Howard and Miss Frances Price, of Canton, spent Thanksigving Day at the home of William Rose and family.

The funeral of Nicholas Knoffler, the infant child of Mr. and Mrs. George Knoffler, took place from St. Mary's church Thursday morning at 9 o'clock The Rev. H. V. Kaempker officiated.

Oil was struck in the well at Dalton, Wednesday evening. It is not known what the capacity of the well will be, but the prospects of a strong flow are good. The well will be shot some time next week.

Albert Whitman, nineteen years of age, and son of Justice John Whitman, of Doylestown, was badly injured while out hunting Friday. His gun was accidentally discharged, and the load of shot tore his left arm to pieces and inflicted serious injuries in his side.

Reuben Sprow, of Bucyrus, while hunting yesterday, fell from a log, exploding his gun in the fall. The charge of shot entered the back of his head, and passing entirely through, came out of his mouth. He died instantly, and was carried home by his companions.

The dance of the Trades and Labor Assembly, held in the new hall in the McClymonds building, Thursday evening, brought together an immense number of organized toilers and their families. The floor committee had spared no pains or expense in making the affair a success.

Mr. and Mrs. Edward Hauenstein have taken up their residence in North Mill street. Their marriage took place Thursday evening, the Rev. S. K. Mahon officiating. The bride was Miss Catherine Martin, of Richville. The groom is employed at Russell Company's works.

It is probable that the Northern Ohio Traction Company will not accept the franchise granted by the Akron council for an extension of the Main street line to connect with the new Canton road, since the ordinance calls for the three-cent fares at certain hours. The company has a line which parallels the proposed extension and this may be extended by acquiring private right of way to the connecting point.

A boy giving his name as John Sproul appiled to Officer McGuire for aid Friday night, saying that he was sick and without money. He was given lodging in the city prison and was sent to Stillwater this afternoon where he claimed he had lived with his grandfather. He said that his father was dead and that his mother is an inmate of the Massillon state hospital. He had been employed at Reed & Company's glass factory but as he was sick most of the time he was unable to earn sufficient money to pay his board.

A social for young people was given by the King's Daughters of the Presbyterian church, in the chapel, Friday evening Sixty were present. The principal entertainment of the evening was the guessing of the titles of popular books from objects which were placed about the room. Other titles were acted out by the young ladies. "A Duet" by Conan Doyle, was represented by a duet by Miss Jennie Archer and Mrs. J. F. Clokey. "A Tale of Two Cities," was guessed from a poem about Massillon and Canton, read by Miss Mamie Wilson. "Looking Backward," by Bellamy, was represented by four girls who wore masks and costumes backwards. Ruskin's "Queen of the Air," was a song by Miss Jennie Archer. "A history of Ready Information" was well represented by seven girls who were members of an afternoon sewing circle. "The Choir Invisible," by James Lane Allen, was a song sung behind a screen.

NEARBY TOWNS.

NORTH LAWRENCE.

North Lawrence, Nov. 30.—Miss Ellen Murry and William Lawrence, of Muskegon, Mich., were married at the home of the bride, Mrs. Ellen Murry, on Thursday, at 7 p. m., by the Rev. Mr. Willard, of Canal Fulton. Miss Oakella Pollock, a niece of the bride, acted as bridesmaid and Edward Groshon as best man. Mr. and Mrs. Lawrence will make their future home in Muskegon, Mich. The best wishes of our people go with them.

Miss Sadie Campbell, of Canton, spent Thanksgiving with her parents at this place.

The song service held in the Methodist church on Thanksgiving evening was well attended.

Some of our young people attended the matinee at the Armory, in Massillon, on Thursday afternoon.

EAST GREENVILLE.

East Greenville, Nov. 30.—Mrs. S. Evans, of Akron, spent Sunday with Mrs. J.F. Campbell.

Samuel Tyson, while playing in the hay mow of his father's barn, fell and fractured his elbow, Wednesday afternoon. Dr. J. F. Campbell rendered surgical assistance.

The ladies of the Methodist church held and oyster supper the evening of Thanksgiving Day.

The Foresters of our town celebrated Thanksgiving evening by a ball.

CRYSTAL SPRING.

Crystal Spring, Nov. 30.—Mr. and Mrs. Adam Rohr and son Eddie spent Sunday in Cleveland.

The Misses Clara and Mayme Crookston, of Massillon, visited friends in town last week.

Mrs. Ella Crites, of Canton, spent Thanksgiving Day with the Misses Folly.

Mrs. C. M. Leonard and daughter Alta, of Massillon, were guests of friends at this place Monday.

Mrs. C. A. Williams, of West Salem, is visiting relatives at the Springs.

A jolly crowd of twelve young men of this place enjoyed Thanksgiving Day at Warwick.

Mayor Wise, W. A. Pietzcker and Policeman Wittmann, of Massillon, wandered o'er the hills and through the valleys near town Wednesday in quest of game. The mayor stated that he shot two squirrels off three trees with one shell. The gentlemen had much other game.

William Ehret, night driver at the North Massillon mine, had a leg broken above the ankle on Wednesday night.

A number of our sportsmen are out after game today, taking advantage of the last hours of the hunting season of 1901.

OBITUARY.

FRANK M. POMEROY.

Canal Fulton, Nov. 30.—Frank M. Pomeroy, a former resident of this place, died Thursday at Auburn, Ind. The body has been brought here for burial. The deceased was 70 years old, and leaves a wife and family.

BUNNY, THE UNTERRIFIED.

Reclined on its Haunches While Nimrods Blazed.

John Hoban and Daniel Garrett have returned from a hunting trip with strange tales to tell. There were others in the party, but they are saying nothing. "It was thus," observed Mr. Hoban. "We took along a stuffed rabbit, and a lot of blank shells. The blank shells we gave to our friends. Then we posted the stuffed rabbit where they could all take a shot at it. Of course they thought it was alive, and they banged their heads off trying to kill it. Ever since they tumbled it's been something fierce living in the same town with them."

MR. ERTLE IS ELECTED.

Succeeds John Roseman as Manager Military Band.

At the meeting of the Military band, Friday evening, John Roseman presented his resignation as manager, to be effective December 1, about which time Mr. Roseman goes to Mt. Vernon to locate permanently. The resignation was accepted, and a vote of thanks was given Mr. Roseman. Edward Ertle, drum-major, was elected to succeed Mr. Roseman. After the meeting there were speeches by Messrs. Roseman, Ertle, Kirchhofer and others. Then refreshments were served.

A business meeting of the band will be held December 8, at which time a director and secretary will be selected. Mr. Ertle is the secretary at present.

ISAAC SMITH IS OUT.

Announces His Candidacy for Commissioner.

Isaac Smith, of Alliance, has already announced himself as a Republican candidate for county commissioner. Mr. Smith is a trustee of Lexington township, and frequently visits Massillon. He says he knows he is early in the race, but adds that the East End must be early if it would secure any of the good things.

A CHIP OF STEEL.

It May Cost Jos. Larker His Sight.

GONE TO CLEVELAND HOSPITAL.

Larker is a W. & L. E. Section Hand, and He Sustained His Injury While at Work Friday —A Slight Wreck on the Pennsylvania — Other Railway News.

Joseph Larker, a W. & L. E. section hand, employed at Navarre, was struck in the eye by a chip of steel Friday He was taken to Cleveland, where he will undergo an operation which it is thought will result in the preservation of his sight. Larker is a young man, unmarried, and is a brother of Telegraph Operator Larker.

Five cars on the Pennsylvania railroad were derailed at the siding at the MA tower Friday afternoon. A heavy freight train was moving out of the siding when the cars in the middle of the train jumped at the frog. As the train was moving slowly but little damage was done to the cars or to the track. The Wooster wreck train and crew replaced the cars.

The Wheeling & Lake Erie wreck train and crew were called from the Columbia yards Friday afternoon to Creston where a few cars were off the track. The cars were replaced.

A. McMichael, conductor on the Wheeling & Lake Erie, is off duty on account of a sprained back, sustained in a recent fall.

Edward Lamb, engineer on the Wheeling & Lake Erie, has gone to Sherodsville to take a temporary mine run.

Herbert Wilson is firing passenger engine 59 today. Regular Fireman Charles Davis is on the sick list.

E. S. Cady, who has been engineer on the night shifter in the Columbia yards, has been assigned to regular road service.

The largest expenditures during the history of the Pennsylvania system will be made during the year of 1902 by that road. The aggregate sum to be expended for rolling stock and equipment will exceed $25,000,000. The largest portion of this expenditure will go toward relieving the car famine on that road by securing 19,000 freight and coal cars, the greater number of which have already been ordered. The cost of having the additional cars built will reach $19,000,000, while the remaining $6,000,000 will be expended for new locomotives.

W. R. Woodford, the manager of the C., L. & W. railroad, has received another promotion at the hands of the B. & O. He is having more and more work added to his duties and seems to be able to stand under it all right. His duties now give him charge of all the B. & O. property between Cumberland, Md., and Cleveland. He has charge of the C., L. & W. in its entirety, also the Cleveland Terminal & Valley reaching from Cleveland to Valley Junction and the Pittsburg & Western connecting Pittsburg and Akron with a branch to Fairport. It is stated that he has the largest territory of any railroad superintendent in the country and it is believed by his many friends that he will be able to fill the bill.—Lorain Herald.

Sam G. Work, engineer on one of the trains in the disastrous wreck at Seneca, Mich., last Wednesday, was a former resident of this city. Mr. Work was badly scalded and his nose was broken. Mrs. Work was a niece of the late Isaac Crooks, of this city.

STATE SUES STEEL TRUST.

Fifty Thousand Dollars Due State for Fees.

Columbus, Nov. 30.—Petitions will be filed in supreme court today to recover about $50,000 from the American Tin Plate Company and the American Sheet Steel Company. These are New Jersey incorporations and in October last qualified to do business in this state. It is the claim of Attorney General Sheets that both of these companies transacted business in Ohio for almost two years before they qualified before the secretary of state. The qualification merely consists of filing a copy of the incorporation papers with the secretary of state and paying into the state coffers one-tenth of one per cent of the capital stock. Assistant Attorney General Todd, who is drawing up the petitions, explains that this is not an action under the trust laws. It is simply to recover back fees.

Tax Notice.

The tax collector will be at the mayor' office in Massillon November 29 and 30, December 9, 10, 11, 1901, for the purpose of receiving taxes for Perry and Tuscarawas townships and the city of Massillon.

J. H. SMITH,
Treasurer.

REPORTS EXAGGERATED.

President Ramsey Says but Twenty-one Were Killed.

St. Louis, Nov. 30. — President Joseph Ramsey, jr., of the Wabash, still insists that the casualties at the Seneca, Mich., wreck are greatly exaggerated. His last report from Superintendent Burns places the dead at twenty-one, and the severely injured at twelve. He says that many reported injured were merely scratched or bruised and have gone home.

TALK OF 'PHONEMEN

Persistent Reports About Consolidation.

U. S. HAS RENTED ROOMS.

Will be Used for Division Headquarters and a 50-Wire Test Station—Massillon Company Will Add More Switchboards —Central Union Uncertain as to Raising Rates.

The United States Telephone Company has leased the Sibila building storeroom soon to be vacated by Walter H. Altman, and will locate therein its division headquarters, having supervision over all lines east of Columbus. The general office of the Massillon Telephone Company will also be moved into this room, thus relieving the crowded condition of the second floor of the building where the offices are now located. The space thus gained on the second floor will be utilized in improving the equipment of the exchange. Local Manager Holloway states that at least one and probably two switchboards, with operators, will be added.

The United States Company will have a 50-wire test station on the second floor of the Sibila building. Massillon was selected for the company's division headquarters by reason of its location.

The impression that the United States, Federal and Central Union Telephone Companies are moving toward a consolidation grows. It is said that the stock of the three companies is now in the hands of the same men. Local representatives of the companies declare, however, that no inkling as to a consolidation has reached them.

Local Manager Decker is still unable to make any statement regarding the report that the Central Union Company will double its rates in Massillon January 1. The rebuilding of the local plant is still in progress, and Mr. Decker thinks it will be three or four weeks before it is completed.

The Massillon Telephone Company is a part of the Federal Telephone system. The Stark Telephone Company, when its lines are completed, will also be controlled by the Federal Company.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Home of Swamp-Root.

HUMBERGER'S

Some of the bargains secured by our buyer in the East are being received.

FRIDAY AND SATURDAY

We will Offer Some Great Values.

HOUSE—A seven room house with gas city and cistern water; and a good barn suitable for one horse and buggy, corner Jarvis avenue and Walnut street; price $2,400. Apply to F. Strobel, care Bridge Works.

LOT—Good corner lot on Richville ave.; cheap. Inquire W. S. Holloway, at Massillon Tel., Central.

LOTS—Ten choice lots left on Edna and Ruth streets. One of the most desirable locations in the city, adjoining Oak Park and new $40,000 Oak Park School. Handy to any glass works or Russell & Co.'s. Plans for model modern homes at moderate cost furnished free to parties building neat homes. Inquire of John H. Williams, 128 West Main street.

PIANO—Upright piano, beautiful case design, three pedals; has been rented only, and therefore not inferior to new; has a full, sweet and sympathetic tone; touch light and responsive; guaranteed; price $150 to close. The Klein & Heffelman Co., 316 N. Market street, Canton, O.

PIANO—Beautiful new upright piano; fully warranted, new stool and scarf; delivered at $1 80 per week. Address Piano, Independent.

PIANO — New upright piano; double veneered, mahogany case, all built from selected material. Address G. H. Walters (limit of car line), West Main st., city.

PIANO—Upright; there has been left at our warerooms a Kranich & Bach, New York, upright piano, which we have instructions to sell at a very liberal figure; it is a large instrument in fine condition and worth $100 more than we ask for it. Call immediately at Bammerlin Bros., cor. Main and Factory Sts.

SEVEN roomed house, furnace, gas, city and cistern water, abundance of fruit; easier terms than paying rent. Inquire of Dr. Kirkland.

STORE ROOM—$2,500 will buy a store room on corner of Tremont and Houston streets, between Grant and Henry St.; splendid location for most any kind of business; three nice living rooms upstairs; gas and city water. S. Burd, S. W. corner Main and Erie

LOST.

CARD CASE—A black Morocco card case, containing $10 and other things Finder leave at Independent office and receive reward.

FOUND.

DOG—A brindle bull dog. Owner can have the same by calling on Henry Krier, corner of South and Muskingum streets, and paying expenses thus far incurred.
